

Totland Bay or Keyhaven Rally

On Saturday afternoon “Andromeda” arrived at Keyhaven to meet up with “Liberte”. Julie and Denny was waiting for favourable winds for their journey west. Steady 20 – 22 knots of winds from S and SW including swells to match rally was moved to the Town Quay at Lymington where we joined up with “April Dream” and “Little Albatross”. It was decided to change the rally from a BBQ event to a social event and everyone joined up at “Andromeda” for drinks and enjoyed a lovely evening with gossip and sailor talks and stories. Master Henry showed us his winch handle skills before he slept despite 9 other people on board chatting away!

We were joined at the mooring by GCCC Member boats, “Manic” and “Rumours” whom were not participating in the rally enjoyed the delights of Lymington. The following day we meet “Brock” at a mooring as well.

Sunday morning offered a good SW wind and “Little Albatross” and “Andromeda” sailed to East Head.
