

Poole Rally 2017

Spray Spray and more Spray!

Well what an interesting Rally, Friday some of the 7 boats made headway to Poole, with 4 stopping at Lymington to prepare for the final leg on Saturday morning. With the incoming weather front, the calls started and people decided not to come and head home. From the 4 at Lymington only KIK and Cadh'Ruadh made it to Poole, being joined by Lacewing who did the whole stretch from Gosport on Saturday.

Once at Poole, the Skippers and Crew hoisted the GCCC flag to celebrate their bravery, with over 35 knot westerly wind and a sea state of calm to moderate with exceptional amount of Rough!

After some pontoon drinks to steady the sea legs, we headed to The Blue Boar for dinner. With 20 expected many could have joined our table as the 7 of us sat down.

With dinner complete it was back to the boats to see what Sunday would bring for the sail back.

Overnight the wind swung to an easterly as we all headed back to the Solent on a flat sea to go our separate ways.
